1. Introduction

- 1.1 ICT is provided to support and improve the teaching and learning in our Trust as well as ensuring the smooth operation of our school systems.
- 1.2 This policy sets out our expectations in relation to the use of any computer or other electronic device on our network, including how ICT should be used and accessed within the Trust.
- 1.3 The policy also provides advice and guidance to our employees on the safe use of social media. The acceptable use of ICT will be covered during induction and ongoing training will be provided, as appropriate.
- 1.4 This policy does not form part of any employee's contract of employment and may be amended at any time. However, a breach of this policy is likely to result in disciplinary action.

2. Scope and Purpose

- 2.1 This policy applies to all employees, governors, volunteers, visitors and any contractors using our ICT facilities. Ensuring ICT is used correctly and properly and that inappropriate use is avoided is the responsibility of every employee. If you are unsure about any matter or issue relating to this policy you should speak to your Headteacher, the Network Managers or a senior member of staff.
- 2.2 The purpose of this policy is to ensure that all employees are clear on the rules and their obligations when using ICT to protect the Trust and its employees from risk.
- 2.3 Employees may be required to remove internet postings which are deemed to constitute a breach of this policy. Failure to comply with such a request may in itself result in disciplinary action.
- 2.4 Any failure to comply with this policy may be managed through the disciplinary procedure. A serious breach of this policy may be considered as gross misconduct which could lead to dismissal. If we are required to investigate a breach of this policy, you will be required to share relevant password and login details.
- 2.5 If you reasonably believe that a colleague has breached this policy, you should report it without delay to your Headteacher.

3. Monitoring

- 3.1 The contents of our ICT resources and communications systems are our property. Therefore, employees should have no expectation of privacy in any message, files, data, document, facsimile, social media post, blog, conversation or message, or any other kind of information or communication transmitted to, received or printed from, or stored or recorded on our electronic information and communications systems. Do not use our ICT resources and communications systems for any matter that you wish to be kept private or confidential. This includes personal transactions such as online purchasing or online banking.
- 3.2 We reserve the right to monitor, intercept and review, without notice, employee activities using our ICT resources and communications systems, including, but not limited to, social media postings and activities, to ensure that our rules are being complied with and are being used for legitimate business purposes. As our employee you consent to such monitoring by your acknowledgement of this policy and your continued use of such resources and systems.
- 3.3 We may store copies of data or communications accessed as part of monitoring for a period of time after they are created, and may delete such copies from time to time without notice.

4. Policy Rules

4.1 In using the Trust's ICT resources, the following rules should be adhered to. For advice and guidance on these rules and how to ensure compliance with them, you should contact the Network Managers.

4.2 The Network and appropriate use of equipment

- (a) You may be permitted to adjust some computer settings for comfort and ease of use but these must be adjusted back after use for the next user.
- (b) Computer hardware has been provided for use by employees and students and is positioned in specific areas. If there is a problem with any equipment or you feel it would be better sited in another position to suit your needs, please contact the school IT Technician. Only the Network Manager/IT Technicians will be allowed to move, repair or adjust network equipment.
- (c) Do not disclose your login username and password to anyone (unless directed to do so by a senior manager for monitoring purposes or as stated in clause 2.4).
- (d) You are required to change your password in accordance with the login prompts. Ensure that you create appropriate passwords as directed. Do not write passwords down where they could be used by another individual and do not share your password with anybody.
- (e) Do not allow students to access or use your personal log-on rights to any school systems. Students are not permitted these access rights as it could lead to a breach of Data Protection and network security. Allowing students such access could put you at risk if your accounts are used.
- (f) Before leaving a computer, you must log off the network or lock the computer, checking that the logging off procedure is complete before you leave.
- (g) Ensure projectors linked to the network are switched off when not in use.
- (h) Only software provided by the network may be run on the computers. You are not permitted to import or download applications or games from the internet.
- (i) You must not use any removable storage devices, or memory stick on Trust computers.
- (j) Student or Staff data, or any other confidential information should not be stored on a removable storage device and not taken off the premises.

4.3 Mobile Devices and Laptop use

The following rules are for use of any laptop, electronic tablets, mobile phone or other mobile device including those provided by the Trust. Referred to as mobile device(s):

- (a) The Network Managers can refuse access to the Trust network for any device
- (b) You must ensure that your mobile device is password protected. This is essential if you are taking the mobile device off of our premises.
- (c) You must not leave your mobile device in an unsafe place, for example in your car.
- (d) Mobile devices not provided by us must have up to date anti-virus installed before being connected to the network.

- (e) You must ensure you have the appropriate permissions and security in place in order to access our network at home.

4.4 Internet Safety

- (a) Never give out personal information such as your address, telephone number or mobile number over the internet without being sure that the receiver is from a reputable source.
- (b) Never give out personal information about a pupil or another employee over the internet without being sure that the request is valid and you have the permission to do so.
- (c) Always alert the Network Managers if you view content that makes you feel uncomfortable or you think is unsuitable. Remember that any personal accounts accessed on our network will be subject to monitoring.
- (d) Always alert the Network Managers if you receive any messages that make you feel uncomfortable or you think are unsuitable.

4.5 Internet and Email

- (a) The internet and email facilities are provided to support the aims and objective of the Trust. Both should be used with care and responsibility.
- (b) Use of the internet at work must not interfere with the efficient running of the Trust. We reserve the right to remove internet access to any employee at work.
- (c) You must only access those services you have been given permission to use.
- (d) You are required to check you work emails daily.
- (e) Before sending an email, you should check it carefully and consider whether the content is appropriate. You should treat emails like you would any other form of formal written communication.
- (f) Although the email system is provided for business purposes we understand that employees may on occasion need to send or receive personal emails using their work email address. This should be kept to a minimum and should not affect, or be to the detriment of, you carrying out your role effectively. When sending personal emails from your work email account you should show the same care in terms of content as when sending work-related emails.
- (g) The use of email to send or forward messages which are defamatory, obscene or otherwise inappropriate will be considered under the disciplinary procedure.
- (h) You should not send electronic messages which are impolite, use obscene language, are indecent, abusive, discriminating, racist, homophobic or in any way intended to make the recipient feel uncomfortable. This will be considered under the disciplinary procedure.
- (i) If you receive an obscene or defamatory email, whether unwittingly or otherwise and from whatever source, you should not forward it to any other address but you should alert the Network Managers.
- (j) Do not access any sites which may contain inappropriate material or facilities, as described below:
 - (i) Proxy

- (ii) Dating
 - (iii) Hacking software
 - (iv) Pornographic content
 - (v) Malicious content
 - (vi) Music downloads
 - (vii) Non-educational games
 - (viii) Gambling
- (k) Do not send malicious or inappropriate pictures of children or young people including students, or any pornographic images through any email facility. If you are involved in these activities the matter may be referred to the police.
 - (l) Under no circumstances, should you view, download, store, distribute or upload any material that is likely to be unsuitable for children or young people. This material includes, but is not limited to pornography, unethical or illegal requests, racism, sexism, homophobia, inappropriate language, or any use which may be likely to cause offence. If you are not sure about this, or come across any such materials you must inform the Network Managers.
 - (m) Do not upload or download unauthorised software and attempt to run on a networked computer.
 - (n) Do not use the computer network to gain unauthorised access to any other computer network.
 - (o) Do not attempt to spread viruses.
 - (p) Do not transmit material subject to copyright or which is protected by trade secret which is forbidden by law.
 - (q) Never open attachments of files if you are unsure of their origin; delete these files or report to the Network Managers.
 - (r) Do not download, use or upload any material from the internet, unless you have the owner's permission.

4.6 The following acts are prohibited in relation to the use of our ICT systems and will not be tolerated:

- (a) Violating copyright laws
- (b) Attempting to harm minors in any way
- (c) Impersonation of any person or entity, or to falsely state or otherwise misrepresent an affiliation with a person or entity
- (d) Forging headers or otherwise manipulating identifiers in order to disguise the origin of any content transmitted through any internet service
- (e) Uploading, posting, messaging or otherwise transmitting any content that without the right to transmit under any law or under contractual or fiduciary relationships (such as inside

information, proprietary and confidential information learned or disclosed as part of employment relationships or under nondisclosure agreements)

- (f) Uploading, posting, messaging or otherwise transmitting any content that infringes any patent, trademark, trade secret, copyright or other proprietary rights ("Rights") of any party
- (g) Uploading, posting, messaging or otherwise transmitting any unsolicited or unauthorised advertising, promotional materials, "junk mail", "spam", "chain letters", "pyramid schemes", or any other form of solicitation.
- (h) "Stalking" or otherwise harassing any user or employee
- (i) Collection or storage of personal data about other users

5. Review of policy

- 5.1 This policy is reviewed every two years by Invictus Education Trust Board of Directors. We will monitor the application and outcomes of this policy to ensure it is working effectively.

Rules for Responsible Internet Use

For Students

The school has installed computers and Internet access to help our learning. These rules will keep everyone safe and help us be fair to others. It is important that you read this policy carefully. If there is anything that you do not understand, please ask.

I agree that:

- I will not share my password with anyone, or use anyone else's password. If I become aware of another individual's password, I will inform that person and a member of the school staff.
- I will use a 'strong' password i.e. one that contains letters (upper case and lower case), numbers and possibly symbols which I will change on a regular basis.
- I will use school equipment properly and not interfere with the work or data of another student.
- I understand that the school may check my computer files and may monitor the Internet sites I visit.
- Before I use or connect my own equipment (mobile phone, iPod, non-school laptop/tablet etc.) I will check with a member of staff to see if that is allowed.
- I am responsible for all e-mail, chat, SMS blogs etc. that I post or send and will use language appropriate to the audience who may read them. I will be respectful in how I talk to and work with others online and never write or participate in online bullying. I will report any unpleasant material or messages sent to me. I understand my report will be confidential and may help protect other students and myself.
- I know that posting anonymous messages and forwarding chain letters is forbidden.
- Any files attached to an email will be appropriate to the body of the email and not include any inappropriate materials or anything that threatens the integrity of the school ICT system.
- I will not download or bring into school unauthorised programmes, including games and music, or run them on school computers, netbooks or laptops.
- I will not access inappropriate materials such as pornographic, racist or offensive material or use the school system for personal financial gain, gambling, political purposes or advertising.
- When using the internet including a 'chat room' facility, I will not give my home address or telephone/mobile number, respond to requests using SMS or even arrange to meet someone, unless my parent, carer or teacher has given permission.
- I will always follow the 'terms and conditions' when using a site. I know content on the web is someone's property and I will ask a responsible adult if I want to use information, pictures, video, music or sound to ensure I do not break copyright law.
- I will think carefully about what I read on the Internet, question if it is from a reliable source before I use the information, crediting the source.
- When undertaking an activity related to a school based course, I will get permission from a teacher before I order online.
- I will not make audio or video recordings of another student or teacher without his/her permission.
- I will always check with a responsible adult before I share or publish created content of myself or others.

I am aware of the CEOP report button and know when to use it.

I know that anything I share online may be monitored.

I know that once I share anything online it is completely out of my control and may be used by others in a way that I did not intend.

Staff Acceptable ICT Use Policy

Rules for Responsible Internet use

This policy applies to all adult users of the Trust's systems. We trust you to use the ICT facilities sensibly, professionally, lawfully, consistent with your duties, with respect for your colleagues and in accordance with this Policy.

It is important that you read this policy carefully. If there is anything that you do not understand, please discuss it with the Headteacher or the Network Managers. Once you have read and understood this policy thoroughly, you should sign this document, retain a copy for your own records and return the original to the Headteacher.

Any inappropriate use of the School's internet & e-mail systems, whether under this policy or otherwise may lead to disciplinary action being taken against you under the appropriate disciplinary procedures which may include summary dismissal. Electronic information can be produced in court in the same way as oral or written statements.

The Trust has an obligation to monitor the use of the internet and e-mail services provided in line with The Telecommunications (Lawful Business Practice) (Interception of Communications) Regulations 2000. Traffic data and usage information may be recorded and may be used in disciplinary procedures if necessary. The Trust reserve the right to disclose any information they deem necessary to satisfy any applicable law, regulation, legal process or governmental request. If there is any evidence that this particular policy is being abused by individuals, we reserve the right to withdraw from employees the facility to view, send and receive electronic communications or to access the internet.

All information relating to our students, parents and staff is personal. You must treat all Trust information with the utmost care whether held on paper or electronically.

Official Trust systems must be used at all times.

Use of the Internet and Intranet

When entering an internet site, always read and comply with the terms and conditions governing its use. Be aware at all times that when visiting an internet site, the unique address for the computer you are using (the IP address) can be logged by the site you visit, thus identifying your school. For your information, the following activities are criminal offences under the Computer Misuse Act 1990:

- Unauthorised access to computer material i.e. hacking;
- Unauthorised modification of computer material; and
- Unauthorised access with intent to commit/facilitate the commission of further offences.

In line with this policy, the following statements apply:

- If you download any image, text or material check if it is copyright protected. If it is then follow the school procedure for using copyright material.
- Do not download any image, text or material which is inappropriate or likely to cause offence. If this happens accidentally report it to a senior member of staff.
- If you want to download any software, first seek permission from the Headteacher and/or Network Managers. They should check that the source is safe and appropriately licensed.
- If you are involved in creating, amending or deleting web pages or content on the web site, such actions should be consistent with your responsibilities and be in the best interests of the School.

You should not:

- Introduce packet-sniffing software (i.e. software which is used to intercept data on a network) or password detecting software
- Seek to gain access to restricted areas of the network
- Knowingly seek to access data which you are not authorised to view

- Introduce any form of computer viruses
- Carry out other hacking activities

Electronic Mail

Care must be taken when using e-mail as a means of communication as all expressions of fact, intention or opinion may implicate you and/or the school.

Internet and e-mail access is intended to be used for school business or professional development. Any personal use is subject to the same terms and conditions and should be with the agreement of your Headteacher. Your privacy and autonomy in your business communications will be respected. However, in certain circumstances it may be necessary to access and record your communications for the Trust's business purposes which include the following:

- Providing evidence of business transactions
- Making sure the Trust's business procedures are adhered to
- Training and monitoring standards of service
- Preventing or detecting unauthorised use of the communications systems or criminal activities
- Maintain the effective operation of communication systems

In line with this policy the following statements apply:

- You should agree with recipients that the use of e-mail is an acceptable form of communication. If the material is confidential, privileged, or sensitive you should be aware that un-encrypted e-mail is not secure.
- Do not send sensitive personal data via email unless you are using a secure site or portal. It is good practice to indicate that the email is 'Confidential' in the subject line.
- Copies of emails with any attachments sent to or received from, parents should be saved in a suitable secure directory.
- Do not impersonate any other person when using e-mail or amend any messages received.
- Sending defamatory, sexist or racist jokes or other unsuitable material via the internet or email system is grounds for an action for defamation, harassment or incitement to racial hatred in the same way as making such comments verbally or in writing.
- It is good practice to re-read e-mail before sending them as external e-mail cannot be retrieved once they have been sent.
- If the email is personal, it is good practice to use the word 'personal' in the subject header and the footer text should indicate if it is a personal email the school does not accept responsibility for any agreement the user may be entering into.
- Internet and e-mail access is intended to be used for school business or professional development, any personal use is subject to the same terms and conditions and should be with the agreement of your Headteacher.
- All aspects of communication are protected by intellectual property rights which might be infringed by copying. Downloading, copying, possessing and distributing material from the internet may be an infringement of copyright or other intellectual property rights.

Social networking

The use of social networking sites for business and personal use is increasing. Access to social networking sites is blocked on the school systems. However, a school can manage access by un-filtering specific sites, internet usage is still monitored.

School staff may need to request access to social networking sites for a number of reasons including:

- Advertising the school or managing an 'official' school presence,
- For monitoring and viewing activities on other sites
- For communication with specific groups of adult users e.g. a parent group.
- Social networking applications include but are not limited to:
 - Blogs
 - Any online discussion forums, including professional forums
 - Collaborative spaces such as Wikipedia

- Media sharing services e.g. YouTube, Flickr
- ‘Microblogging’ applications e.g. Twitter

When using school approved social networking sites the following statements apply:

- School equipment should not be used for any personal social networking use
- Staff must not accept friendships from students. The legal age for students to register with a social networking site is usually 13 years; be aware that some users may be 13 or younger but have indicated they are older.
- It is important to ensure that members of the public and other users know when a social networking application is being used for official school business. Staff must use only their school email address or other school approved email mechanism and ensure all contributions are professional and uphold the reputation of the school
- Social networking applications should not be used to publish any content which may result in actions for defamation, discrimination, breaches of copyright, data protection or other claims for damages. This includes but is not limited to material of an illegal, sexual or offensive nature that may bring the school into disrepute.
- Postings should not be critical or abusive towards the school, staff, students or parents or used to place a student, student or vulnerable adult at risk of harm
- The social networking site should not be used for the promotion of personal financial interests, commercial ventures or personal campaigns, or in an abusive or hateful way
- Ensure that the appropriate privacy levels are set. Consider the privacy and safety settings available across all aspects of the service – including photos, blog entries and image galleries. Failing to set appropriate privacy levels could result in messages which are defamatory, libellous or obscene appearing on your profile before you have chance to remove them
- It should not breach the schools Information Security Policy

Data Protection

The processing of personal data is governed by the Data Protection Act 1998. Schools are defined in law as separate legal entities for the purposes of complying with the Data Protection Act. Therefore, it is the responsibility of the Trust to ensure that compliance is achieved.

As an employee, you should exercise due care when collecting, processing or disclosing any personal data and only process personal data on behalf of the Trust. The main advantage of the internet and e-mail is that they provide routes to access and disseminate information.

Through your work personal data will come into your knowledge, possession or control. In relation to such personal data whether you are working at the Trust’s premises or working remotely you must:

- Keep the data private and confidential and you must not disclose information to any other person unless authorised to do so. If in doubt, ask your Headteacher.
- Familiarise yourself with the provisions of the Data Protection Act 1998 and comply with its provisions
- Familiarise yourself with all appropriate Trust Policies and Procedures
- Not make personal or other inappropriate remarks about staff, students, parents or colleagues on manual files or computer records. The individuals have the right to see all information the School holds on them subject to any exemptions that may apply

If you make or encourage another person to make an unauthorised disclosure knowingly or recklessly you may be held criminally liable. I have read through and fully understand the terms of the policy. I also understand that the Trust may amend this policy from time to time and that I will be issued with an amended copy.
