Creation of mind maps, mood boards and graphical descriptions relating to project brief.	Creation of mind maps, mood boards and graphical descriptions relating to project brief.	Creation of mind maps, mood boards and graphical descriptions relating to project brief.	

Building on prior learning	Throughout KS3 students are introduced to research/investigating tasks. Students also complete products based on given scenarios in preparation for iMedia coursework
Enrichment within the Curriculum	Opportunities to get hands on with the internal workings of a Computer and lead demonstrations at open evening for the department.
Extracurricular opportunities	Opportunity to participate in Code Club, including web development
Positive impacting on personal development (SMSC)	Encourages independent research, planning and thinking throughout the two-year course. Opportunities to create interfaces and critically evaluate existing ones created by third-parties.
Preparing for the next stage of education	Prepares students for the next level of iMedia at Level 3
Ways to support your child's learning	Praise for effort rather than being 'clever' shows them that by working hard they can always improve
Visits and trips Websites / books /papers / magazines TV/Films Blogs/ podcasts	<ul style="list-style-type: none"> • TV Shows such as Silicon Valley • Apps such as Flipboard include a host of tech-based articles • Websites such as Wordpress or Wix allow students to create free websites
