## GCSE Geography – 2022 UPDATE FOR YR11

**GCSE Geography has been impacted by the COVID pandemic in the same way it has impacted all other subject areas. With this in mind the exam board has issued advance notice which will affect Paper 2 and 3 only. All other skills will be examined in the normal way. Students have been made aware of the advance notice in lessons.**

Paper 1 – No changes. The Living World, The Challenge of Natural Hazards and Coasts/Rivers.

Paper 2 – ‘Urban Issues and Challenges’ remains a compulsory topic. Students are to **choose** between ‘The challenge of Resource Management’ and ‘The Changing Economic World’. Students should complete the Resource Management section with a particular focus on WATER – this has been covered in lesson content.

Paper 3 – Pre-release will remain the same and students will have access to this in March 2022. Compulsory fieldwork has been replaced by ‘Unseen fieldwork’ where students answer questions about a fieldwork scenario.

**Further details about marks available etc, can be found below:**
